Consent to Examine and/or Treatment - Minor

As a parent/legal representative of a minor, you have the right to be informed about your minor's condition and recommended surgical, medical or diagnostic procedures. It will help you make an informed decision about undergoing further treatment or procedures and the risks and hazards involved. At this point in your minor's care, no specific treatment plan has been recommended. This consent form is simply an effort to obtain your permission to perform the evaluation necessary to identify the appropriate treatment and/or procedure for any identified condition(s).

This consent provides us with your permission to perform reasonable and necessary medical examinations, testing and treatment. By signing below, you are indicating that (1) you intend that this consent is continuing in nature even after a specific diagnosis has been made and treatment recommended; and (2) you consent to treatment at this office or any other satellite office under common ownership. I understand this consent will remain fully effective until it is revoked by me in writing to Cornerstone Clinic. You have the right at any time to discontinue services. You have the right to discuss the treatment plan with your minor's healthcare provider about the purpose, potential risks, and benefits of any test ordered for you. If you have any concerns regarding any test or treatment recommended by the healthcare provider, we encourage you to ask questions.

I voluntarily request a physician and/or mid-level provider (Nurse Practitioner/Physician Assistant), and other healthcare providers or the designees as deemed necessary, to perform reasonable and necessary medical examination, testing and treatment for the condition which has brought me to seek care at this practice. I understand that a Nurse Practitioner/Physician Assistant is a licensed healthcare provider who may only treat and diagnose any illness or medical conditions under the supervision of a licensed physician. The "supervision" of the Nurse Practitioner/Physician Assistant is done in accordance with the rules of the Texas Medical Board.

I understand that if additional testing, invasive or interventional procedures are recommended, I will be asked to read and sign additional consent forms prior to the test(s) or procedure(s).
